# 1 — 6 Ton Complete System Warranties

## Extended Warranties Residential Application

These Optional Extended Warranties apply to complete systems when installed in Residential Applications. Coverage includes Trane condensing unit, thermostat, and air handler or furnace with evaporator coil if identified on the Agreement.

One (1) -year warranties apply to equipment less than five (5) years old and can be renewed each year until the equipment is ten (10) years old when accepted by the Extended Warranty department. Five (5) -year and ten (10) -year warranties expire five (5) or ten (10) years from the installation date of the covered equipment no matter when purchased.

Equipment installed within 1 mile of salt water or environment with high sulfur content should use the "S" warranty models. The Warranty would be the same as below with an "S" in the 7<sup>th</sup> digit instead of the "0" below. For example, use TAYWARS004 instead of TAYWAR0004.

### Condensing unit determines type of system for Extended Warranty Coverage.

\* Equipment with ten (10) year limited warranty on all parts.

# 1 — 25 Ton Compressor Only Warranties

## Extended Warranties Commercial Application

These Optional Extended Warranties apply to compressors in Trane equipment when installed in Commercial Applications.

One (1) -year warranties apply to equipment less than five (5) years old and can be renewed each year until the equipment is ten (10) years old when accepted by the Extended Warranty Department. Five (5)- and ten (10) -year warranties expire five (5) or ten (10) years from the installation date of the covered equipment no matter when purchased.

Equipment installed within 1 mile of salt water or environment with high sulfur content should use the "S" warranty models. The Warranty would be the same as below with an "S" in the 7<sup>th</sup> digit instead of the "0" below. For example, use TAYWARS208 instead of TAYWAR0208.

WARRANTY #	TONS	DESCRIPTION	TERM	COVERAGE
TAYWAR0208	1-5	COMPRESSOR ONLY	1 YR	PARTS ONLY
TAYWAR0209	1-5	COMPRESSOR ONLY	1 YR	LABOR ONLY

TAYWAR0225	15 - 17.50	COMPRESSOR ONLY	5 YR	LABOR ONLY
TAYWAR4041	15 - 25	COMPRESSOR ONLY	10 YR	PARTS ONLY
TAYWAR0226	20	COMPRESSOR ONLY	1 YR	PARTS ONLY
TAYWAR0227	20	COMPRESSOR ONLY	1 YR	PARTS & LABOR
TAYWAR0030	20	COMPRESSOR ONLY	5 YR	PARTS ONLY
TAYWAR0228	20	COMPRESSOR ONLY	5 YR	LABOR ONLY
TAYWAR0229	25	COMPRESSOR ONLY	1 YR	PARTS ONLY
TAYWAR0230	25	COMPRESSOR ONLY	1 YR	PARTS & LABOR
TAYWAR0031	25	COMPRESSOR ONLY	5 YR	PARTS ONLY
TAYWAR0231	25	COMPRESSOR ONLY	5 YR	LABOR ONLY

NOTE: Fifteen (15)-year agreements are available on indoor equipment only when purchased within 9 months of installation.

① Obsolete for Trane accessories installed or initial warranty sale date is after 10/01/02.

② All XB units and "M" Package Units are not eligible if installed or initial warranty sale date is after 10/01/2001.

# 1 — 25 Ton Furnace, Air Handler & Heat Exchanger Warranties

## Extended Warranties Commercial Application

These Optional Extended Warranties apply to Trane furnaces, air handlers and heat exchangers when installed in Commercial Applications. A new Trane evaporator coil and thermostat are covered only if installed at the same time and identified on the Agreement. Heat Exchanger warranties cover only the Heat Exchanger.

One (1) -year warranties apply to equipment less than five (5) years old and can be renewed each year until the equipment is ten (10) years old when accepted by the Extended Warranty Department. Five (5)- through twenty -(20) year warranties expire five (5) through twenty (20) years from the installation of the covered equipment no matter when purchased.

Equipment installed within 1 mile of salt water or environment with high sulfur content should use the “S” warranty models. The Warranty would be the same as below with an “S” in the 7<sup>th</sup> digit instead of the “0” below. For example, use TAYWARS233 instead of TAYWAR0233.

WARRANTY #	TONS	DESCRIPTION	TERM	COVERAGE

<sup>①</sup> Obsolete for Trane accessories installed or initial warranty sale date is after 10/01/2001.

<sup>②</sup> Not available on CCB/CUB coils if installed or initial warranty sale date is after 10/01/2001.

<sup>③</sup> Can be used to cover 3<sup>rd</sup> party equipment if installed with Trane equipment.

<sup>④</sup> In addition to the system extended warranty coverage, all factory installed economizers in 5-25 ton equipment must have separate extended warranty coverage.

## 1 – 25 Ton National Account Warranties

## Extended Warranties Commercial Application

These Optional Extended Warranties provides labor coverage from installation/startup on covered repairs. Warranties must be purchased at the time of the equipment installation. A National Account is defined as a major purchaser of Trane equipment whose distribution activities extend into the primary sales area of more than one center or distributor. Although primarily intended for National Accounts, these Extended Warranties may be purchased by any dealer desiring the coverage provided by them.

**Note: TAYWAR0363 - 0374 Coverage includes thermostat and economizer**

Equipment installed within 1 mile of salt water or environment with high sulfur content should use the “S” warranty models. The Warranty would be the same as below with an “S” in the 7<sup>th</sup> digit instead of the “0” below. For example, use TAYWARS064 instead of TAYWAR0064.

WARRANTY #	TONS	DESCRIPTION	TERM	COVERAGE

<sup>③</sup> Commercial Application.

## **GENERAL NOTES**

1. All one (1) -year term Agreements are initially intended to be sold on equipment less than five (5) years old. These Agreements can be renewed each year until the equipment is ten (10) years old when accepted by the Extended Warranty Department. Coverage begins thirty (30) days after the Agreement is sold and requires a written statement from the Servicer/Dealer stating that the condition of the equipment is acceptable for the initial sale. No statement is required for renewals unless there is a lapse in coverage.
2. All other Agreements with terms of five (5) years or greater should be sold at time of equipment sale, but may be sold on older equipment. Special provisions apply. See your Extended Warranty Handbook for additional information. Any Agreement with terms of five (5) years or greater expires based on the original install date, not the purchase date of the Agreement.
3. Any desired Agreement with terms requested other than those listed with part numbers must be approved by Trane Extended Warranty Department at 800-554-6413.
4. An "X" In the eleventh (11) digit of the extended warranty model number is used only to determine a price for that particular warranty when labor option #3 is chosen. See the Extended Warranty Handbook for details.
5. An "S" in the seventh (7) digit of the Optional Extended Warranty model number is used when the equipment is installed within 1 mile of salt water or in an environment with high sulfur content or where specifically requested by the Extended Warranty Department.

## NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR0001	One (1) through five (5) ton Condensing Unit only XB/XE/XR models (Residential Application) - Five (5) years parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0002	One (1) through five (5) ton Condensing Unit only XE/XR models (Residential Application) - Ten (10) years parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0003	One (1) through five (5) ton complete Package or Split System XB/XE/XR models (Residential Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0004	One (1) through five (5) ton complete Package or Split System XE/XR models (Residential Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0007	One (1) through five (5) ton Compressor only (Residential Application) - Ten (10) years parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0008	One (1) through five (5) ton Compressor only (Residential Application) - Five (5) years labor only. Coverage is supplemental to the limited warranty.
TAYWAR0009	One (1) through five (5) ton Compressor only (Residential Application) - Ten (10) years labor only. Coverage is supplemental to the limited warranty.
TAYWAR0010	One (1) through five (5) ton Compressor only (Residential Application) - Ten (10) years parts and labor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0011	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models (Residential Application) - Five (5) years parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0012	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models (Residential Application) - Ten (10) years parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0013	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models (Residential Application) - Fifteen (15) years, parts and labor on all internal components. Coverage includes new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0014	Electronic Air Cleaner (Residential or Commercial Application) - Five (5) years parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0015	Electronic Air Cleaner (Residential or Commercial) Application - Ten (10) years parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0016	Six and one quarter (6.25) through seven and one half (7.5) ton complete package system (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0017	Eight and one half (8.5) through ten (10) ton complete Package system (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0018	Twelve and one half (12.5) ton complete Package System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0019	Fifteen (15) through seventeen and one half (17.5) ton complete package system (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0020	Twenty (20) ton complete Package System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0021	Twenty-five (25) ton complete Package System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0022	Six and one quarter (6.25) through seven and one half (7.5) ton Split System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.

## NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR0023	Eight and one half (8.5) through ten (10) ton Split System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0024	Twelve and one half (12.5) ton Split System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0025	Fifteen (15) through Seventeen and one half (17.5) ton Split System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0026	Twenty (20) ton Split System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0030	Twenty (20) ton Compressor only (Commercial Application) - Five (5) years, parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0031	Twenty-five (25) ton Compressor only (Commercial Application) - Five (5) years, parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0032	Five (5) through (25) ton Economizer (Residential or Commercial Application) - Five (5) years, parts and labor on internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0034	One (1) through five (5) ton Heat Exchanger (Residential Application) - Fifteen (15) years parts only covers failures resulting from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0035	Six and one quarter (6.25) through twelve and one half (12.5) ton Heat Exchanger (Commercial Application) - Ten (10) years, parts only, covers failures resulting from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0036	Six and one quarter (6.25) through twelve and one half (12.5) ton Heat Exchanger (Commercial Application) - Fifteen (15) years, parts only to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0037	Fifteen (15) through seventeen and one half (17.5) ton Heat Exchanger (Commercial Application) - Ten (10) years, parts only to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0038	Fifteen (15) through seventeen and one half (17.5) ton Heat Exchanger (Commercial Application) - Fifteen (15) years, parts only, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0039	Twenty (20) ton Heat Exchanger (Commercial Application) - Five (5) years, parts only, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0040	Twenty (20) ton Heat Exchanger (Commercial Application) - Ten (10) years, parts only, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0041	Twenty-five (25) ton Heat Exchanger (Commercial Application) - Five (5) years, parts only, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0042	Twenty-five (25) ton Heat Exchanger (Commercial Application) - Ten (10) years, parts only, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0043	Three (3) through twenty-five (25) ton Unitary Control Processor (Residential or Commercial) - Five (5) years, parts only on internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0044	One (1) through five (5) ton Condensing Unit only XB/XE/XR models (Residential Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0045	One (1) through five (5) ton complete Package or Split System XB/XE/XR models (Residential Application) - One (1) year, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0046	One (1) through five (5) ton XV Package or Split System (Residential Application) - One (1) year, parts and labor on all internal components. Coverage includes a new thermostat and furnace or air handler with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0047	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models (Residential Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.

## NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR0048	Electronic Air Cleaner (Residential or Commercial Application) - One (1) year, parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0049	One (1) through five (5) ton Compressor only (Residential Application) One (1) year, parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0050	One (1) through five (5) ton Compressor only (Residential Application) One (1) year, labor only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0051	One (1) through five (5) ton Compressor only (Residential Application) One (1) year, parts and labor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0052	Six and one quarter (6.25) through seven and one half (7.25) ton Package Unit (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0053	Eight and one half (8.5) through ten (10) ton Package Unit (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0054	Twelve and one half (12.5) ton Package Unit (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0055	Fifteen (15) through seventeen and one half (17.5) ton Package Unit (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0056	Twenty (20) ton Package Unit (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0057	Twenty-five (25) ton Package Unit (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0058	Six and one quarter (6.25) through seven and one half (7.25) ton Split System (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0059	Eight and one half (8.5) through ten (10) ton Split System (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0060	Twelve and one half (12.5) ton Split System (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0061	Fifteen (15) through seventeen and one half (17.5) ton Split System (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with on the evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0062	Twenty (20) ton Split System (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0064	One (1) through five (5) ton Condensing Unit only, first year labor (Commercial Application) - One (1) year, labor only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0065	One (1) through five (5) ton Package or Split System, first year labor (Commercial Application) - One (1) year, labor only on all internal components. Coverage includes a new thermostat and furnace or air handler with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0066	One (1) through five (5) ton Air Handler, non-variable speed models, first year labor (Commercial Application) - One (1) year, labor only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0067	One (1) through five (5) ton Package Gas/Electric System, first year labor (Commercial Application) - One (1) year, labor only on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.

## NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR0068	One (1) through five (5) ton Furnace, non-variable speed models, first year labor (Commercial Application) - One (1) year, labor only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0069	Electronic Air Cleaner, first year labor (Commercial Application) - One (1) year, labor only on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0070	Six and one quarter (6.25) through seven and one half (7.5) ton Package or Split System, first year labor (Commercial Application) - One (1) year, labor only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0071	Eight and one half (8.5) through ten (10) ton Package or Split System, first year labor (Commercial Application) - One (1) year, labor only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0072	Twelve and one half (12.5) ton Package or Split System, first year labor (Commercial Application) - One (1) year, labor only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0073	Fifteen (15) ton through seventeen and one half (17.5) ton Package or Split System, first year labor (Commercial Application) - One (1) year, labor only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0074	Twenty (20) ton Package or Split System, first year labor (Commercial Application) - One (1) year, labor only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0075	Twenty-five (25) ton Package or Split System, first year labor (Commercial Application) - One (1) year, labor only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0076	Programmable thermostat installed with equipment one (1) through five (5) tons (Residential or Commercial Application) - One (1) year, parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0077	Programmable thermostat installed with equipment one (1) through five (5) tons (Residential or Commercial Application) - Five (5) years parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0078	Programmable thermostat installed with equipment one (1) through five (5) tons (Residential or Commercial Application) - Ten (10) years parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0079	One (1) through five (5) ton Hot Water bank, ECU (Energy Conservation Unlimited) only (Residential or Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0080	One (1) through five (5) ton Hot Water bank, ECU (Energy Conservation Unlimited) only (Residential or Commercial Application) - One (1) year, parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0081	One (1) through five (5) ton Condensing Unit only XL models (Residential Application) - Ten (10) years parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0082	One (1) through five (5) ton Split System XL models (Residential Application) - Ten (10) years parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0083	One (1) through five (5) ton Condensing Unit only XB/XE/XR models (Residential Application) - Five (5) years parts only on all internal components. Coverage includes new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0084	One (1) through five (5) ton Condensing Unit only XE/XR models (Residential Application) - Ten (10) years parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0085	One (1) through five (5) ton Condensing Unit only XL models (Residential Application) - Ten (10) years parts only on all internal components. Coverage includes new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.

## NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR0086	One (1) through five (5) ton complete Package or XB/XE/XR Split System models (Residential Application) - Five (5) years parts only on all internal components. Coverage includes new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0087	One (1) through five (5) ton complete Package or Split System XE/XR models (Residential Application) - Ten (10) years parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0088	One (1) through five (5) ton Split System XL models (Residential Application) - Ten (10) years parts only on all internal components. Coverage includes new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0091	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models (Residential Application) - Five (5) years parts only on all internal components. Coverage includes evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0092	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models (Residential Application) - Ten (10) years parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0093	Electronic Air Cleaner (Residential or Commercial Application) - Five (5) years parts only on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0094	Electronic Air Cleaner (Residential or Commercial Application) - Ten (10) years parts only on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0095	Six and one quarter (6.25) through seven and one half (7.25) ton Package Unit (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0096	Eight and one half (8.5) through ten (10) ton Package Unit (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0097	Twelve and one half (12.5) ton Package Unit (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0098	Fifteen (15) through seventeen and one half (17.5) ton Package Unit (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0099	Twenty (20) ton Package Unit (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0100	Twenty-five (25) ton Package Unit (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0101	Six and one quarter (6.25) through seven and one half (7.25) ton Split System (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0102	Eight and one half (8.5) through ten (10) ton Split System (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0103	Twelve and one half (12.5) ton Split System (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0104	Fifteen (15) through seventeen and one half (17.5) ton Split System (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0105	Twenty (20) ton Split System (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.

*It's Hard To Stop A Trane.*

## NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR0107	Five (5) through twenty-five (25) ton Economizer (Residential or Commercial Application) - Five (5) years, parts only on internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0108	One (1) through five (5) ton Heat Exchanger (Residential Application) - Twenty (20) years parts only covers failures resulting from rupture splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0109	Six (6) through twenty-five (25) ton Programmable Thermostat (Residential or Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0111	One (1) through (5) ton Compressor only, installed in Water Source System, (Residential Application) - One (1) year, parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0112	One (1) through five (5) ton Compressor only, installed in Water Source Systems, (Residential Application) - One (1) year, part and labor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0113	One (1) through five (5) ton Compressor (Residential Application) - Ten (10) years, parts only for the compressor, installed in Water Source Systems. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0114	One (1) through five (5) ton Compressor (Residential Application) - Ten (10) years, parts and labor, for the compressor, installed in Water Source Systems. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0115	One (1) through five (5) ton Water Source Package or Split system, (Residential Application) - One (1) year, parts only on all internal components. Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0116	One (1) through five (5) ton Water Source Package or Split system, (Residential Application) - One (1) year, parts and labor on all internal components. Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0117	One (1) through five (5) ton Water Source Package System (Residential Application) - Five (5) years, parts only, to cover all internal components. Coverage includes a new thermostat when sold and installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0118	One (1) through five (5) ton Water Source Package System (Residential Application) - Five (5) years, parts and labor, to cover all internal components. Coverage includes a new thermostat when sold and installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0119	One (1) through five (5) ton Water Source Package System (Residential Application) - Ten (10) years, parts only to cover all internal components. Coverage includes a new thermostat when sold and installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0120	One (1) through five (5) ton complete Package or Split System XB/XE/XR models (Residential Application) - One (1) year, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0121	One (1) through five (5) ton Split System XL models (Residential Application) - One (1) year, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0122	One (1) through five (5) ton Split System XL models (Residential Application) - One (1) year, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0123	One (1) through five (5) ton Split System XL models (Residential Application) - Five (5) years parts only on all internal components. Coverage includes new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0124	One (1) through five (5) ton Split System XL models (Residential Application) - Five (5) years parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.

## NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR0125	One (1) through five (5) ton XV Package or Split System (Residential Application) - One (1) year, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0127	One (1) through five (5) ton Condensing Unit only XB/XE/XR models (Residential Application) - One (1) year, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0128	One (1) through five (5) ton Condensing Unit only XL models (Residential Application) - One (1) year, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0129	One (1) through five (5) ton Condensing Unit only XL models (Residential Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0130	One (1) through five (5) ton Condensing Unit only XL models (Residential Application) - Five (5) years parts only on all internal components Coverage includes evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0131	One (1) through five (5) ton XV Condensing Unit only (Residential Application) - One (1) year, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0132	One (1) through five (5) ton XV Condensing Unit only (Residential Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0137	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models (Residential Application) - Fifteen (15) years, parts only on all internal components. Coverage includes new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0138	One (1) through five (5) ton Heat Exchanger (Residential Application) - Ten (10) years part and labor, covers failures resulting from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0139	One (1) through five (5) ton Heat Exchanger (Residential Application) - Fifteen (15) years parts and labor, covers failures resulting from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0141	One (1) through five (5) ton Package or Split System (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0142	One (1) through five (5) ton Package or Split System (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0143	One (1) through five (5) ton Package or Split System (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new thermostat and furnace or air handler with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0144	One (1) through five (5) ton complete Package or Split System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0145	One (1) through five (5) ton complete Package or Split System (Commercial Application) - Ten (10) years, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0146	One (1) through five (5) ton complete Package or Split System (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0153	One (1) through five (5) ton XV Package or Split System (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new thermostat and furnace or air handler with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.

TAYWAR0154	One (1) through five (5) ton XV Package or Split System (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0159	Six and one quarter (6.25) through seven and one half (7.25) ton Package Unit (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0160	Six and one quarter (6.25) through seven and one half (7.25) ton Split System (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0161	Eight and one half (8.5) through ten (10) ton Package Unit (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0162	Eight and one half (8.5) through ten (10) ton Split System (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0163	Twelve and one half (12.5) ton Package Unit (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0164	Twelve and one half (12.5) ton Split System (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0165	Fifteen (15) through seventeen and one half (17.5) ton Package Unit (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0166	Fifteen (15) through seventeen and one half (17.5) ton Split System (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0167	Twenty (20) ton Package Unit (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0168	Twenty (20) ton Split System (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0169	Twenty-five (25) ton Package Unit (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0170	One (1) through five (5) ton Condensing Unit (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0171	One (1) through five (5) ton Condensing Unit (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0172	One (1) through five (5) ton Condensing Unit (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0173	One (1) through five (5) ton Condensing Unit only (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0174	One (1) through five (5) ton Condensing Unit (Commercial Application) - Ten (10) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0175	One (1) through five (5) ton Condensing Unit only (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0182	One (1) through five (5) ton XV Condensing Unit only (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.

## NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR0205	Twenty (20) ton Condensing Unit (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0206	One (1) through five (5) ton Condensing Unit only XL models (Residential Application) - Five (5) years parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0207	Twenty (20) ton Condensing Unit (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0208	One (1) through five (5) ton Compressor (Commercial Application) - One (1) year, parts only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0209	One (1) through five (5) ton Compressor (Commercial Application) - One (1) year, labor only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0210	One (1) through five (5) ton Compressor (Commercial Application) - One (1) year, parts and labor, for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0211	One (1) through five (5) ton Compressor only (Commercial Application) - Ten (10) years, parts only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0212	One (1) through five (5) ton Compressor (Commercial Application) - Ten (10) years, labor only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0213	One (1) through five (5) ton Compressor (Commercial Application) - Ten (10) years, parts and labor, for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0214	Six and one quarter (6.25) through seven and one half (7.5) ton Compressor (Commercial Application) - One (1) year, parts only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0215	Six and one quarter (6.25) through seven and one half (7.5) ton Compressor (Commercial Application) - One (1) year, parts and labor, for the compressor. Renewable. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0216	Six and one quarter (6.25) through seven and one half (7.5) ton Compressor (Commercial Application) - Five (5) years, labor only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0217	Eight and one half (8.5) through ten (10) ton Compressor (Commercial Application) - One (1) year, parts only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0218	Eight and one half (8.5) through ten (10) ton Compressor (Commercial Application) - One (1) year, parts and labor for the compressor. Renewable. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0219	Eight and one half (8.5) through ten (10) ton Compressor (Commercial Application) - Five (5) years, labor only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0220	Twelve and one half (12.5) ton Compressor (Commercial Application) - One (1) year, parts only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0221	Twelve and one half (12.5) ton Compressor (Commercial Application) - One (1) year, parts and labor, for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0222	Twelve and one half (12.5) ton Compressor (Commercial Application) - Five (5) years, labor only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0223	Fifteen (15) through Seventeen and one half (17.5) ton Compressor (Commercial Application) - One (1) year, parts only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0224	Fifteen (15) through Seventeen and one half (17.5) ton Compressor (Commercial Application) - One (1) year, parts and labor, for the compressor. Renewable. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0225	Fifteen (15) through Seventeen and one half (17.5) ton Compressor (Commercial Application) - Five (5) years, labor only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0226	Twenty (20) ton Compressor (Commercial Application) - One (1) year, parts only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0227	Twenty (20) ton Compressor (Commercial Application) - One (1) year, parts and labor, for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0228	Twenty (20) ton Compressor (Commercial Application) - Five (5) years, labor only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0229	Twenty-five (25) ton Compressor (Commercial Application) - One (1) year, parts only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0230	Twenty-five (25) ton Compressor (Commercial Application) - One (1) year, parts and labor, for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0231	Twenty-five (25) ton Compressor (Commercial Application) - Five (5) years, labor only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.

TAYWAR0232	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models (Residential Application) - One (1) year, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0233	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0234	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0235	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0236	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0237	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models, (Commercial Application) - Ten (10) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0238	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models (Commercial Application) - Ten (10) years, parts and labor, on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0239	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models, (Commercial Application) - Fifteen (15) years, parts only on all internal components. Coverage includes new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0240	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models, (Commercial Application) - Fifteen (15) years, parts and labor on all internal components. Coverage includes new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0241	One (1) through five (5) ton Heat Exchanger (Commercial Application) - Ten (10) years, parts only, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0242	One (1) through five (5) ton Heat Exchanger (Commercial Application) - Ten (10) years, parts and labor, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0243	One (1) through five (5) ton Heat Exchanger (Commercial Application) - Fifteen (15) years, parts only. Covers failures resulting from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0244	One (1) through five (5) ton Heat Exchanger (Commercial Application) - Fifteen (15) years, parts and labor, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0245	One (1) through five (5) ton Heat Exchanger (Commercial Application) - Twenty (20) years, parts only, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0247	Six and one quarter (6.25) through twelve and one half (12.5) ton Heat Exchanger (Commercial Application) - Ten (10) years, parts and labor, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0248	Six and one quarter (6.25) through twelve and one half (12.5) ton Heat Exchanger (Commercial Application) - Fifteen (15) years, parts and labor, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0249	Fifteen (15) through Seventeen and one half (17.5) ton Heat Exchanger (Commercial Application) - Ten (10) years, parts and labor, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0250	Fifteen (15) through Seventeen and one half (17.5) ton Heat Exchanger (Commercial Application) - Fifteen (15) years, parts and labor, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0251	Twenty (20) ton Heat Exchanger (Commercial Application) - Five (5) years, parts and labor, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.

MODEL NUMBER	COVERAGE
TAYWAR0252	Twenty (20) ton Heat Exchanger (Commercial Application) - Ten (10) years, parts and labor, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0253	Twenty-five (25) ton Heat Exchanger (Commercial Application) - Five (5) years, parts and labor, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0254	Twenty-five (25) ton Heat Exchanger (Commercial Application) - Ten (10) years, parts and labor, to cover failures from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0255	One (1) through five (5) ton Water Source Package System (Residential Application) - Ten (10) years, parts and labor to cover all internal components. Coverage includes a new thermostat if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0256	One (1) through five (5) ton Compressor (Commercial Application) - Five (5) years, labor only for the compressor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0257	Twenty (20) ton Condensing Unit (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0260	Evaporator coil coverage when installed with one (1) through five (5) ton equipment (Residential or Commercial Application) - One (1) year, parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0261	Evaporator coil coverage when installed with one (1) through five (5) tons equipment (Residential or Commercial Application) - One (1) years, part and labor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0262	Evaporator coil, installed with equipment one (1) through five (5) tons (Residential or Commercial Application) - Five (5) years parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0263	Evaporator coil, installed with Trane equipment one (1) through five (5) tons (Residential or Commercial Application) - Five (5) years parts and labor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0264	Evaporator coil, installed with Trane equipment one (1) through five (5) tons (Residential or Commercial Application) - Ten (10) years parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0265	Evaporator coil, installed with Trane equipment one (1) through five (5) tons (Residential or Commercial Application) - Ten (10) years parts and labor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0267	One (1) through five (5) ton Integrated Zone System (Residential or Commercial Application) - Five (5) years, parts & labor, when installed with a complete Trane system. Coverage includes all internal components of the damper system. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0268	One (1) through five (5) ton Integrated Zone System (Residential or Commercial Application) - Ten (10) years, parts & labor, when installed with a complete Trane system. Coverage includes all internal components of the damper system. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0269	Six and one quarter (6.25) through twenty (20) ton Air Handler, non- variable speed model (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0270	Six and one quarter (6.25) through twenty (20) ton Air Handler, non- variable speed models, (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0271	Six and one quarter (6.25) through twenty (20) ton Air Handler, non- variable speed models, (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0272	Six and one quarter (6.25) through twenty (20) ton Air Handler, non- variable speed models, (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0273	One (1) through five (5) ton Furnace or Air Handler, variable speed (Residential Application) - One (1) year, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0274	One (1) through five (5) ton Furnace or Air Handler, variable speed (Residential Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0275	One (1) through five (5) ton Furnace or Air Handler, variable speed (Residential Application) - Five (5) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0276	One (1) through five (5) ton Furnace or Air Handler, variable speed (Residential Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.

MODEL NUMBER	COVERAGE
TAYWAR0277	One (1) through five (5) ton Furnace or Air Handler, variable speed (Residential Application) - Ten (10) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0278	One (1) through five (5) ton Furnace or Air Handler, variable speed (Residential Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0279	One (1) through five (5) ton Furnace or Air Handler, variable speed (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0280	One (1) through five (5) ton Furnace or Air Handler, variable speed (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0281	One (1) through five (5) ton Furnace or Air Handler, variable speed (Commercial Application) - Five (5) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0282	One (1) through five (5) ton Furnace or Air Handler, variable speed (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0283	One (1) through five (5) ton Furnace or Air Handler, variable speed (Commercial Application) - Ten (10) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0284	One (1) through five (5) ton Furnace or Air Handler, variable speed (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0285	Six (6) through twenty-five (25) ton Programmable Thermostat (Residential or Commercial Application) - One (1) year, parts and labor, on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0286	Five (5) through twenty-five (25) ton Economizer (Residential or Commercial Application) - One (1) year, parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0288	One (1) through five (5) ton Furnace or Air Handler, variable speed (Residential Application) - Fifteen (15) years, parts only on all internal components. Coverage includes evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0289	One (1) through five (5) ton Furnace or Air Handler, variable speed (Residential Application) - Fifteen (15) years, parts and labor on all internal components. Coverage includes evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0290	One (1) through five (5) ton Furnace or Air Handler, variable speed (Commercial Application) - Fifteen (15) years, parts only on all internal components. Coverage includes evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0291	One (1) through five (5) ton Furnace or Air Handler, variable speed (Commercial Application) - Fifteen (15) years, parts and labor on all internal components. Coverage includes evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0293	Non-programmable thermostat installed with one (1) through twenty-five (25) ton equipment (Residential or Commercial Application) - One (1) year, parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0294	Non-programmable thermostat installed with equipment one (1) through twenty-five (25) tons (Residential or Commercial Application) - Five (5) years parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0295	Non-programmable thermostat, installed with equipment one (1) through five (5) tons (Residential or Commercial Application) - Ten (10) years parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0296	Non-programmable thermostat installed with equipment one (1) through five (5) tons (Residential or Commercial Application) Fifteen (15) years, parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0309	Six (6) ton Compressor only installed in Water Source Systems (Residential Application) - One (1) year, parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0310	Six (6) ton Compressor only installed in Water Source Systems (Residential Application) - One (1) year, parts and labor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0311	Six (6) ton Compressor only installed in Water Source Systems (Residential Application) - Ten (10) years, parts only. Coverage is supplemental to the manufacturer's limited warranty.

## NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR0312	Six (6) ton Compressor only installed in Water Source Systems (Residential Application) - Ten (10) years, parts and labor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0313	Six (6) ton Water Source Package or Split System (Residential Application) - One (1) year, parts only on all internal components. Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0314	Six (6) ton Water Source Package or Split System (Residential Application) - One (1) year, parts and labor on all internal components. Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0315	Six (6) ton Water Source Package or Split System (Residential Application) - Five (5) years, parts only on all internal components. Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0316	Six (6) ton Water Source Package or Split System (Residential Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0317	Six (6) ton Water Source Package or Split System (Residential Application) - Ten (10) years, parts only on all internal components. Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0318	Six (6) ton Water Source Package or Split System (Residential Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0319	Three (3) through six (6) ton complete II+ Split System XE/XR models (Residential Application) - One (1) year, parts and labor on all internal components. Coverage includes both XE/XR series condensing units and a new thermostat, air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0320	Three (3) through six (6) ton complete II+ Split System XE/XR models (Residential Application) - Five (5) years, parts and labor on all internal components. Coverage includes both XE/XR series condensing units, a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0321	Three (3) through six (6) ton complete II+ Split System XE/XR models (Residential Application) - Ten (10) years, parts and labor on all internal components. Coverage includes both XE/XR series condensing units, a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0322	Three (3) through six (6) ton complete II+ Split System XL models. (Residential Application) - One (1) year, parts and labor on all internal components. Coverage includes both XL series condensing units and a new thermostat, air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0323	Three (3) through six (6) ton complete II+ Split System XL models (Residential Application) - Five (5) years, parts and labor on all internal components. Coverage includes both XL series condensing units, a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0324	Three (3) through six (6) ton complete II+ Split System XL models (Residential Application) - Ten (10) years, parts and labor on all internal components. Coverage includes both XL series condensing units, a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0325	Three (3) through six (6) ton complete II+ Split System (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes both condensing units and a new thermostat, air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0326	Three (3) through six (6) ton complete II+ Split System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes both condensing units, a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0327	Three (3) through six (6) ton complete II+ Split System (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes both condensing units, a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.

## NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR0331	One (1) through five (5) ton Heat Exchanger (Residential Application) - Ten (10) years, labor only. Covers failures resulting from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0334	One (1) through five (5) ton Heat Exchanger (Commercial Application) - Ten (10) years, labor only. Covers failures resulting from rupture, splitting or faulty welds. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0362	One (1) through five (5) ton Split System XL Comfort System Models (Residential Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new thermostat, electronic air cleaner and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0363	One (1) through five (5) ton complete Package or Split System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat, economizer and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Labor is covered from start-up date. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0364	Six & one quarter (6.25) through seven & one half (7.5) tons complete package system (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat, economizer and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Labor is covered from start-up date. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0365	Six & one quarter (6.25) through seven & one half (7.5) tons complete split system (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat, economizer and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Labor is covered from start-up date. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0366	Eight & one half (8.5) to ten (10) tons complete Package System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat, economizer and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Labor is covered from start-up date. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0367	Eight & one half (8.5) to ten (10) tons complete Split System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat, economizer and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Labor is covered from start-up date. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0368	Twelve & one half (12.5) tons complete Package System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat, economizer and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Labor is covered from start-up date. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0369	Twelve & one half (12.5) tons complete Split System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat, economizer and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Labor is covered from start-up date. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0370	Fifteen (15) through seventeen and one half (17.5) tons complete package system (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat, economizer and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Labor is covered from start-up date. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0371	Fifteen (15) through seventeen and one half (17.5) tons complete split system (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat, economizer and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Labor is covered from start-up date. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0372	Twenty (20) tons complete Package System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat, economizer and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Labor is covered from start-up date. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0373	Twenty (20) tons complete Split System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat, economizer and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Labor is covered from start-up date. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0374	Twenty-five (25) tons complete Package System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat, economizer and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Labor is covered from start-up date. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0375	One (1) through five (5) ton Compressor only installed in Water Source Systems (Commercial Application) - One (1) year, parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0376	One (1) through five (5) ton Compressor only installed in Water Source Systems (Commercial Application) - One (1) year, part and labor. Coverage is supplemental to the manufacturer's limited warranty.

# NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR0377	One (1) through five (5) ton Compressor only installed in Water Source Systems (Commercial Application) - Ten (10) years, parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0378	One (1) through five (5) ton Compressor only installed in Water Source Systems (Commercial Application) - Ten (10) years, parts and labor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0379	One (1) through five (5) ton complete Package or Split System Water Source Systems (Commercial Application) - One (1) year, parts only on all internal components. Coverage includes a new thermostat if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0380	One (1) through five (5) ton complete Package or Split System Water Source Systems (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new thermostat if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0381	One (1) through five (5) ton complete Package or Split System Water Source Systems (Commercial Application) - Five (5) years parts only on all internal components. Coverage includes a new thermostat if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0382	One (1) through five (5) ton complete Package or Split System Water Source Systems (Commercial Application) - Five (5) years parts and labor on all internal components. Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0383	One (1) through five (5) ton complete Package or Split System Water Source Systems (Commercial Application) - Ten (10) years parts only on all internal components. Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0384	One (1) through five (5) ton complete Package or Split System Water Source Systems (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0385	Six (6) ton Compressor only installed in Water Source Systems (Commercial Application) - One (1) year, parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0386	Six (6) ton Compressor only installed in Water Source Systems (Commercial Application) - One (1) year, part and labor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0387	Six (6) ton Compressor only installed in Water Source Systems (Commercial Application) - Ten (10) years, parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0388	Six (6) ton Compressor only installed in Water Source Systems (Commercial Application) - Ten (10) years, part and labor. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0389	Six (6) ton Water Source Package or Split System (Commercial Application) - One (1) year, parts only on all internal components Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0390	Six (6) ton Water Source Package or Split System (Commercial Application) - One (1) year, parts and labor on all internal components. Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0391	Six (6) ton Water Source Package or Split System (Commercial Application) - Five (5) years, parts only on all internal components Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0392	Six (6) ton Water Source Package or Split System (Commercial Application) - Five (5) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0393	Six (6) ton Water Source Package or Split System (Commercial Application) - Ten (10) years, parts only on all internal components Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.

## NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR0394	Six (6) ton Water Source Package or Split System (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler if installed with the system and identified on the Agreement. Excludes the ground loop or water loop and any repairs made necessary because of faults in the ground loop or water loop. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0395	One (1) through five (5) ton complete Package or Split System XE/XR models (Residential Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new thermostat, electronic air cleaner and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0396	One (1) through five (5) ton Complete package or split system, XE/XR models, (Residential Application) – five (5) years, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat and air handler or furnace with evaporator coil and humidifier if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0397	One (1) through five (5) ton Complete package or split system, XE/XR models, (Residential Application) – ten (10) years, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat and air handler or furnace with evaporator coil and humidifier if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0398	One (1) through five (5) ton Complete split system, XL models, (Residential Application) – five (5) years, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat and air handler or furnace with evaporator coil and humidifier if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0399	One (1) through five (5) ton split system, XL models, (Residential Application) – ten (10) years, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat and air handler or furnace with evaporator coil and humidifier if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0400	One (1) through five (5) ton Complete package or split system, XE/XR Comfort System models, (Residential Application) – ten (10) years, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat, electronic air cleaner, and air handler or furnace with evaporator coil and humidifier if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0401	One (1) through five (5) ton Complete split system, XL Comfort System models, (Residential Application) – ten (10) years, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat, electronic air cleaner, and air handler or furnace with evaporator coil and humidifier if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0402	One (1) through five (5) ton furnace or air handler, non-variable speed models, (Residential Application) – five (5) years, parts and labor, on all internal components. A new thermostat, evaporator coil and humidifier are covered only if installed with the furnace and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0403	One (1) through five (5) ton furnace or air handler, variable speed models, (Residential Application) – five (5) years, parts and labor, on all internal components. A new thermostat, evaporator coil and humidifier are covered only if installed with the furnace and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0404	One (1) through five (5) ton furnace or air handler, non-variable speed models, (Residential Application) – ten (10) years, parts and labor, on all internal components. A new thermostat, evaporator coil and humidifier are covered only if installed with the furnace and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0405	One (1) through five (5) ton Furnace, variable speed, (Residential Application) - Ten (10) years, parts and labor, on all internal components. A new thermostat, evaporator coil and humidifier are covered only if installed with the furnace and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0406	One (1) through five (5) ton complete Package or Split System, XE/XR models, (Residential Application) - Five (5) year, parts and labor on all internal components. Includes new Trane condensing unit, thermostat, air handler or furnace, humidifier and non-Trane evaporator coil if Installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0407	One (1) through five (5) ton complete Package or Split System, XE/XR models, (Residential Application) - Ten (10) years, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat, air handler or furnace, humidifier and non-Trane evaporator coil if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0408	One (1) through five (5) ton complete Split System, XL models, (Residential Application) - Five (5) year, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat, air handler or furnace, humidifier and non-Trane evaporator coil if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.

## NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR0409	One (1) through five (5) ton complete Split System, XL models,. (Residential Application) - Ten (10) years, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat, air handler or furnace, humidifier and non-Trane evaporator coil if installed with the system and identified on the agreement Coverage is supplemental to the matufacturees limited warranty.
TAYWAR0410	One (1) through five (5) ton complete Package or Split System, XE/XR Comfort System Models, (Residential Application) - Ten (10) years, parts and labor on all internal components. Includes new Trane condensing unit, thermostat, air handler or furnace, humidifier and non-Trane evaporator coil if installed with the system and identified an the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR0411	One (1) through five (5) ton complete Split System, XL Comfort System Models, (Residential Application) - Ten (10) years, parts and labor on all internal components. Includes new Trane condensing unit, thermostat, electronic air cleaner, and air handler or furnace, humidifier and non-Trane evaporator coil if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4003	Six & one quarter (6.25) through seven & one half (7.5) ton complete package system (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4004	Six and one quarter (6.25) through seven and one half (7.5) ton Split System (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4039	Ten (10) ton Compressor only (Commercial Application) - Ten (10) years, parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4040	Twelve and one half (12.5) ton Compressor only (Commercial Application) - Ten (10) years, parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4041	Fifteen (15) through twenty five (25) ton Compressor only (Commercial Application) - Ten (10) years, parts only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4042	Twenty (20) ton Compressor only - first year (Commercial Application) - One year (1) labor only. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4046	One (1) through five (5) ton condensing unit only XE/XR models (Residential or Commercial Application) - Five (5) years, parts only, on all internal components. A new evaporator coil is covered when sold and installed with condensing unit and identified on the agreement. Servicer is reimbursed from Trane for the replacement parts based on the parts invoice. No parts mark-up will be paid. Coverage is supplemental to the manufacture's limited warranty.
TAYWAR4051	One (1) through five (5) ton Compressor only (Residential or Commercial Application) - Ten (10) years, parts only. Servicer is reimbursed by the manufacturer for the replacement parts based on the parts invoice. No parts mark-up will be paid. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4057	Eight & one half (8.5) through ten (10) ton complete Package system (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4058	Twelve & one half (12.5) ton complete Package System (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4059	Fifteen (15) through seventeen and one half (17.5) ton complete package system (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4060	Eight and one half (8.5) through ten (10) ton complete Split system (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4061	Economizer installed with equipment three (3) through twenty-five (25) (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage is supplemental to the manufacturer's limited warranty. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4071	Six and one quarter (6.25) through seven & one half (7.5) ton compressor only (Commercial Application) - Ten (10) years, parts only. This Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4072	Six and one quarter (6.25) through seven & one half (7.5) ton Condensing unit only (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.

## NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR4075	One (1) through five (5) ton complete Package or Split System XE Models (Residential or Commercial Application) - Ten (10) years, parts only on all internal components. Servicer is reimbursed from the manufacturer for the replacement parts based on the parts invoice. No parts mark-up will be paid. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4077	One (1) through five (5) ton Furnace or Air Handler, non-variable speed models (Residential or Commercial Application) - Ten (10) years, parts only on all internal components. Servicer is reimbursed from the manufacturer for the replacement parts based on the parts invoice. No parts mark-up will be paid. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4078	One (1) through five (5) ton Furnace or Air Handler variable speed models (Residential or Commercial Application) - Ten (10) years, parts only on all internal components. Servicer is reimbursed from the manufacturer for the replacement parts based on the parts invoice. No parts mark-up will be paid. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4079	One (1) through five (5) ton Condensing Unit only XE or XL Models (Residential or Commercial Application) - Ten (10) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Servicer is reimbursed from the manufacturer for the replacement parts based on the parts invoice. No parts mark-up will be paid. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4082	Twenty (20) ton complete Package System (Commercial Application) - Ten (10) years parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4083	Twenty-five (25) ton complete Package System (Commercial Application) - Ten (10) years parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4086	One (1) through five (5) tons Furnace or Air Handler, non-variable speed models, (Residential Application) - Eleventh (11th) through Fifteenth (15th) years, parts and labor on all internal components. This warranty is only valid at time of installation and in conjunction with a ten (10) years, system or furnace parts and labor Extended Warranty. An evaporator coil is covered only and installed with the furnace and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4087	One (1) through five (5) tons Furnace or Air Handler, variable speed models, (Residential Application) - Eleventh (11th) through Fifteenth (15th) years, parts and labor on all internal components. This warranty is only valid at time of installation and in conjunction with a ten (10) years, system or furnace parts and labor Extended Warranty. Coverage includes new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4093	Six and one quarter (6.25) through seven & one half (7.5) ton complete package system (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new evaporator coil, thermostat and economizer if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4094	Six and one quarter (6.25) through seven & one half (7.5) ton complete split system - (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil and economizer if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4095	Eight and one half (8.5) through ten (10) ton complete Package system (Commercial Application) - Ten (10) years parts and labor, on all internal components. Coverage includes a new evaporator coil, thermostat and economizer if installed with the system and identified on the Agreement. Labor is covered from date of installation. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4096	Eight and one half (8.5) through ten (10) ton complete Split System (Commercial Application) - Ten (10) years, parts and labor, on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil and economizer if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4098	Twelve and one half (12.5) ton complete Split System (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4099	Fifteen (15) through seventeen and one half (17.5) ton complete split system (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4100	Twenty ton complete Split System (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.

MODEL NUMBER	COVERAGE
TAYWAR4107	Eight and one half (8.5) through ten (10) ton Condensing Unit only (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4108	Twelve and one half (12.5) ton Condensing Unit only (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4109	Fifteen (15) through seventeen and one half (17.5) ton Condensing unit only (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4110	Twenty (20) ton Condensing Unit only (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4117	Fifteen (15) through twenty (20) ton Compressor only (Commercial Application) - Five (5) years, parts only. Servicer is reimbursed by the manufacturer for the replacement parts based on the parts invoice. No parts mark-up will be paid. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4118	One (1) through five (5) ton epoxy coated coil indoor or outdoor only (Residential or Commercial Application) - Five (5) years, parts only on an epoxy coated coil indoor or outdoor. Servicer is reimbursed from the manufacturer for the replacement coil based on the parts invoice. No parts mark-up will be paid. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4119	Six and one quarter (6.25) through Twelve and one half (12.5) ton epoxy coated coil indoor or outdoor only (Commercial Application) - Five (5) years, parts only on an epoxy coated coil indoor or outdoor. Servicer is reimbursed from the manufacturer for the replacement coil based on the parts invoice. No parts mark-up will be paid. Coverage is supplemental to the limited warranty.
TAYWAR4120	Fifteen (15) through twenty five (25) ton epoxy coated coil only indoor or outdoor (Commercial Application) - Five (5) years, parts only on an epoxy coated coil indoor or outdoor. Servicer is reimbursed from the manufacturer for the replacement coil based on the parts invoice. No parts mark-up will be paid. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4121	Twenty-five (25) ton Compressor only (Commercial Application) - Five (5) years, parts only. Servicer is reimbursed by the manufacturer for the replacement compressor based on the parts invoice. No parts mark-up will be paid. Coverage is supplemental to the limited warranty.
TAYWAR4123	One (1) through five (5) ton Compressor only (Residential or Commercial Application) - Twelve (12) years, parts only. Servicer is reimbursed from the manufacturer for the replacement compressor based on the parts invoice. No parts mark-up will be paid. Coverage is supplemental to the limited warranty.
TAYWAR4124	Fifteen (15) through seventeen and one half (17.5) ton complete package system (Commercial Application) - Ten (10) years, part and labor on all internal components. Coverage includes a new evaporator coil, thermostat and economizer if installed with the system and identified on the Agreement. Labor is covered from date of installation. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4143	One (1) through five (5) ton Furnace or Air Handler non-variable speed models (Residential or Commercial Application) - Twelve (12) years, parts only on all internal components. Coverage includes a new evaporator coil and thermostat if installed at the same time and identified on the Agreement. Servicer is reimbursed from the manufacturer for the replacement parts based on the parts invoice. No parts mark-up will be paid. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4144	One (1) through five (5) ton Furnace or Air Handler variable speed models (Residential or Commercial Application) - Twelve (12) years, parts only on all internal components. An evaporator coil is covered only when installed with the furnace and identified on the Agreement. Servicer is reimbursed from the manufacturer for the replacement parts based on the parts invoice. No parts mark-up will be paid. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4145	One (1) through five (5) ton Condensing Unit only (Residential or Commercial Application) - Twelve (12) years, parts only, on all internal components. Coverage includes a new evaporator coil if installed at the same time and identified on the Agreement. Servicer will be reimbursed from the manufacturer based on the parts invoice. No mark-up will be paid. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4146	One (1) through five (5) ton complete Package or Split System (Residential or Commercial Application) - Twelve (12) years, parts only on all internal components. Coverage includes new thermostat and air handler or furnace with evaporator coil if installed with the system and identified on the Agreement. Servicer will be reimbursed from the manufacturer based on the parts invoice. No mark-up will be paid. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4148	Twelve and one half (12.5) ton complete Package System (Commercial Application) - Ten (10) years, parts and labor on all internal components. Coverage includes a new evaporator coil, thermostat and economizer if installed with the system and identified on the Agreement. Labor is covered from date of installation. Coverage is supplemental to the manufacturer's limited warranty.

## NUMERICAL LIST OF PRODUCT COVERAGE

MODEL NUMBER	COVERAGE
TAYWAR4150	One (1) through Five (5)ton Condensing Unit Only ... XE models ... (Residential or Commercial Application) - Five (5) years, parts and labor, on all internal components. A new evaporator coil is covered only when sold and installed with the condensing unit and identified on the agreement. Servicer is reimbursed from the Trane Company for the replacement parts based on the parts invoice. No parts mark-up will be paid. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4151	One (1) through Five (5)ton Condensing Unit Only ... XE models ... (Residential or Commercial Application) - Ten (10) years, parts and labor, on all internal components. A new evaporator coil is covered only when sold and installed with the condensing unit and identified on the agreement. Servicer is reimbursed from the Trane Company for the replacement parts based on the parts invoice. No parts mark-up will be paid. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4152	One (1) through Five (5)ton complete Package or Split System ... XE models ... (Residential or Commercial Application) - Five (5) year, parts and labor, on all internal components. Includes condensing unit, new thermostat and <u>non-variable speed</u> air handler or furnace with evaporator coil. Servicer is reimbursed from the Trane Company for the replacement parts based on the parts invoice. No parts mark-up will be paid coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4153	One (1) through Five (5) ton complete Package or Split System ... XE models ... (Residential or Commercial Application) - Ten (10) year, parts and labor, on all internal components. Includes condensing unit, new thermostat and <u>non-variable speed</u> air handler or furnace with evaporator coil. Servicer is reimbursed from the Trane Company for the replacement parts based on the parts invoice. No parts mark-up will be paid coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4198	One (1) through five (5) ton complete Package or Split System XB/XE/XR models ... (Residential Application) - One (1) year, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat and air handler or furnace with new non-Trane evaporator coil if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4199	One (1) through five (5) ton complete Split System ... XL models ... (Residential Application) - One (1) year, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat and air handler or furnace with new non-Trane evaporator coil if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4200	One (1) through five (5) ton complete Package or Split System ... XB/XE/XR models ... (Residential Application) - Five (5) year, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat and air handler or furnace with new non-Trane evaporator coil if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4201	One (1) through five (5) ton complete Split System ... XL models ... (Residential Application) – Five (5) year, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat and air handler or furnace with new non-Trane evaporator coil if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4202	One (1) through five (5) ton complete Package or Split System ... XE/XR models ... (Residential Application) - Ten (10) years, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat and air handler or furnace with new non-Trane evaporator coil if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4203	One (1) through five (5) ton complete Split System ... XL models ... (Residential Application) - Ten (10) years, parts and labor, on all internal components. Includes new Trane condensing unit, thermostat and air handler or furnace with new non-Trane evaporator coil if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4204	One (1) through five (5) ton complete Package or Split System ... XE/XR Comfort System Models ... (Residential Application) - Ten (10) years, parts and labor on all internal components. Includes new Trane condensing unit, thermostat, electronic air cleaner, and air handler or furnace with new non-Trane evaporator coil if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4205	One (1) through five (5) ton complete Split System ... XL Comfort System Models ... (Residential Application) - Ten (10) years, parts and labor on all internal components. Includes new Trane condensing unit, thermostat, electronic air cleaner, and air handler or furnace with new non-Trane evaporator coil if installed with the system and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4206	One (1) through five (5) ton Condensing Unit only, XB/XE/XR models, (Residential Application) - One (1) year, parts and labor, on all internal components. Includes new Trane condensing unit and thermostat with new non-Trane evaporator coil if installed at the same time and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
TAYWAR4207	One (1) through five (5) ton Condensing Unit only, XL models, (Residential Application) - One (1) year, parts and labor, on all internal components. Includes new Trane condensing unit and thermostat with new non-Trane evaporator coil if installed at the same time and identified on the agreement. Coverage is supplemental to the manufacturer's limited warranty.
